# **BOREAL PROSPECTORS ASSOCIATION**

## **Economic Sustainability through Mineral Development**

**What is the Boreal Prospectors Association?** The BPA has been established as a member group of the Ontario Prospectors Association. It is to provide a forum in which its members can discuss and address the many unique geographical, governmental and cultural challenges facing the mineral industry North of 51 (north of the Area of the Undertaking).

**What is the purpose of the Association?** It is the intent of this Association to engage and support individual northern prospectors and to facilitate community-industry interaction by encouraging capacity building and mutual understanding. The BPA will represent and further the interests of its members in order to promote a sustainable mineral industry in Northern Ontario.

**Why was this Association created?** The concept of the association was first proposed by the leadership of Kasabonika Lake First Nation in an effort to encourage capacity building and understanding of the mineral industry in northern communities, improve engagement of the mineral industry with residents of the north and increase local participation in the industry.

**Who should join the Association?** Everyone with an interest in benefiting from the economy of the mineral industry in northern Ontario should participate in the association. Individuals, community leaders and planners and those directly involved with the mineral industry all have an important role to play in this association.

**What is the current state of the Association?** The Association has established a functional executive including: Thomas Tookate (Attawapiskat), Doug Parker (Independent Prospector), Luc McKay (Shibogama), Mike Fox (NADF), David Duchesne (IFNA), Michael Cunningham (De Beers Canada) and Mitch Diabo (Kasabonika). Currently there are 36 members of the association approximately half of whom reside in northern communities and the remainder are involved with industry and government.

**How can I become involved?** You can become involved with the Boreal Prospector Association by becoming a member, attending our annual general meeting and symposium (planned for February 21<sup>st</sup> and 22<sup>nd</sup>, 2006 in Sioux Lookout) or by providing financial support.

**Please show your support by becoming a member, attending the symposium or becoming a sponsor.**
