

SPONSORSHIP OPPORTUNITIES
in support of the BOREAL PROSPECTORS ASSOCIATION and
THE NORTHERN ONTARIO MINES AND MINERALS SYMPOSIUM

The BPA is seeking sponsors for both the establishment and operation of the BPA as well as the presentation of the Northern Ontario Mines and Minerals Symposium. These initiatives are not possible without your support.

The symposium will focus on the Far North Planning Process, an Ontario initiative that has the potential to alter the social and economic landscape to a far greater degree than any other initiative since the signing of the Treaties more than 100 years ago. In July the Premier announced a moratorium on all new mines in northern Ontario until more than half of the land base is set aside as parks and planning for sustainable development over the remaining fraction of the land is completed. The province has said that this planning initiative will be “community driven” and the Boreal Prospectors intends to support these communities through this process.

The Boreal Prospectors Association is a grassroots organization made up of volunteer individuals with a common desire to provide opportunities for open dialogue and information sharing that will promote prosperity and industry in northern Ontario.

This is an opportunity for your organization to show support for northern communities.

All Symposium Sponsors receive the following basic benefits: Your name with recognition of sponsorship level on the Symposium Page of the Boreal Prospector’s website, listing as a Sponsor on the Symposium Program and listing on the Sponsor Poster Board at the event.

Founding Sponsors of the Boreal Prospectors Association, in addition to basic benefits, will be recognized in perpetuity on the Boreal Prospector’s website.

Please make your sponsorship donation payable to “Ontario Prospectors Association”. Your sponsorship request should be forwarded to Susan Warren, Special Projects Administrator, Ontario Prospectors Association, 1000 Alloy Drive, Thunder Bay, ON P7B 6A5. If you have any questions or need further details please contact Susan or Garry at 866-259-3727 or via email at oeqs@ontarioprospectors.com
